

Living Losses

Understanding and Addressing Grief
in Ageing, Chronic Illness and Disability

Saturday 23 November 2019

RMIT Bundoora Campus

9.30am-4.00pm (Registration from 9.00am)

Building 224, Bundoora Campus West,
RMIT University Plenty Road Bundoora

**The Loss and Grief Practitioners' Association (LGPA) offers this seminar
for health professionals and trained volunteers,
in cooperation with the School of Health & Biomedical Sciences at RMIT.**

This full day seminar includes experts in ageing, chronic illness and disability as well those with lived experience.

Participants can expect to gain deeper knowledge and understanding of the particular loss and grief issues faced by people experiencing ageing, chronic illness and disability and will provide information on how to address these. We will also hear from people with lived experience and how they have navigated these issues.

There will be time for networking and connecting; as usual the catering will be excellent.

Presenters

Ilsa Hampton, Meaningful Ageing Australia
Gail Humphries, Carer Respite Centre
Professor Madeleine Ball, RMIT University
Lydia Osmers, MS Society
Anna Holliday, Li_Ve Tasmania
Dr Christine Clifford, University of Tasmania
Dr Annie Cantwell-Bartl, Psychologist
Antony Bartl
